Acting on behalf of Develop Investment sp. z o.o. with its registered office in Rzeszow (hereinafter referred to as "the Company"), I hereby recommend M. Wojciechowska i Wspólnicy Kancelaria Prawnicza sp. k. with its registered office in Rzeszow (hereinafter referred to as "the Law Firm"), which provides the Company with comprehensive legal services in the processes related to the regulation of the legal status of real estate, including judicial and administrative processes in this area.

As part of the services provided by the Law Firm to the Company, the Law Firm represented the Company, among other things, in a precedent, multi-layered and legally and factually complicated court case concerning transfer of the ownership rights to real estate to the Company. The high level of substantive knowledge of the law firm's lawyers, as well as their experience and commitment to the process led to a final court judgment favorable to the Company, ending an almost decade-long dispute over the ownership right to the real estate, as well as a final court judgment in favor of the Company.

The Law Firm has represented and still represents the Company in administrative and judicial proceedings, complicated by legal and factual conditions, related to the acquisition of land owned by the Company for the benefit of a local government unit in connection with the construction of public roads and the payment of compensation to the Company for the acquisition of ownership rights to real estate. Also in this area, the activities of the Law Firm's team have been characterized by a high degree of professionalism and experience, which is confirmed by favorable settlements for the Company.

Considering the past experience of cooperation with the Law Firm, including in particular the effectiveness of the actions taken by the Law Firm, I confidently recommend the Law Firm as an experienced and reliable partner for the implementation of complex projects related to real estate law.
